

AFFIDAVIT FOR LIMITED INCOME PRACTICE MEMBERSHIP 2008

The Minnesota Dental Association (MDA) and the American Dental Association (ADA) have slightly different qualifications for limited practice membership status. The MDA bylaws allow dentists to earn up to **\$30,000.00** personal gross per year from their practice or knowledge of dentistry.

You may qualify for limited practice status at the state level and not the national (ADA) level. Please complete the following and forward this affidavit to your component society (noted in the cover letter). We bill you once we receive and review this affidavit. MDA 2008 limited practice dues are \$199.00 per year. This does not reflect your national and local district dues.
