

## The Minnesota Dental Foundation's

mission is: to promote and support worthwhile projects that enhance the oral health of those within our communities; to support dental education and research with scholarships, grants and innovative programming to improve the oral health of citizens of Minnesota; and to assist those dentists whose offices have been affected by natural disasters and other catastrophic losses, which diminish their ability to meet the oral health needs of their patients.

### Thank you to our donors

The Minnesota Dental Foundation would like to take this opportunity to thank all of those who have made contributions since the inception of our fundraising through October 31, 2003. Your support will make possible the charitable, scientific, and educational programs supported by the Minnesota Dental Foundation throughout our community.
