

AFFIDAVIT FOR LIMITED PRACTICE MEMBERSHIP 2023

The Minnesota Dental Association (MDA) and the American Dental Association (ADA) have slightly different qualifications for limited practice membership status. The MDA bylaws allow dentists to earn up to **\$50,000.00** personal gross per year from their practice or knowledge of dentistry.

You may qualify for limited practice status at the state level and not the national (ADA) level. Please complete the following and return it to the MDA in the enclosed envelope. We bill you once we receive and review this affidavit. MDA limited practice dues are \$211.00 per year. This does not reflect your national and local district dues.
