The Minnesota Dental PAC (MINDENPAC) advocates for dental health. Our nonpartisan PAC exists to advance the dental profession and enhance patient access to oral health. MINDENPAC continues to represent the voices of dentists across the state and provides an influential presence at the Capitol each session. Contributions from dentists allow us to support friends of dentistry and help elect and re-elect legislators that support oral health and organized dentistry.

While the MDA advocates at the state capitol, Minnesota law prohibits the MDA from providing direct political and financial support to fund elections. MINDENPAC helps lay the foundation for the MDA to pursue its legislative agenda.
