

## **Dr. Connie Lee**

Dr. Connie Lee has lectured at various dental continuing educational meetings on topics involving periodontics, soft tissue grafting, and implants. She values continual learning through continuing education and communication with her colleagues. She graduated from University of Michigan in 2009 and completed her training in periodontics in 2012 at the Ohio State University. She is a diplomate of the American Board of Periodontology. She enjoys working with her team at the Minnesota Periodontal Associates, located in White Bear Lake.
