# Your Path to Becoming a Licensed Dental Assistant In Minnesota

**LICENSED DENTAL ASSISTANTS (LDA)** can perform all basic functions and expanded functions of dental care. They can also apply for credentials (with additional education, training and testing) to perform restorative functions and anesthesia duties.

The pathway to becoming licensed in Minnesota starts with completing an accredited dental assisting program and then applying to become licensed dental assistant with the State of Minnesota.

**THE DENTAL ASSISTING NATIONAL BOARD (DANB)** is the nationally recognized certification organization for all dental assistants.

Learn about dental assistant opportunities, financial support for DANB certification fees, and more at: [www.danb.org](http://www.danb.org).

## To Earn Status as a Licensed Dental Assistant in Minnesota, Dental Assistants Must:

- › Pass the national DANB Certified Dental Assistant (CDA) exam
- › Graduate from a Minnesota CODA-accredited dental assisting program or graduate from a CODA-accredited program in a state other than Minnesota and, upon MN Board review of curriculum, complete additional coursework as necessary
- › Pass the Minnesota Dental Assistant State Licensing Exam
- › Pass the Minnesota Jurisprudence Exam
- › Apply for licensure to the MN Board of Dentistry\*

All licensed dental assistants must maintain a consecutive and current certificate in Cardiopulmonary Resuscitation (CPR) at the BLS level.
