6200 Interlachen Boulevard

Edina, Minnesota

5:30 P.M. REGISTRATION/NETWORKING

6:30 P.M. PROGRAM BEGINS

CBCT 101: A Short Introduction for the Dental Practitioner

Dr. Mansur Ahmad, B.D.S, Ph.D., is an Associate Professor and the Director of Oral and Maxillofacial Radiology at the University of Minnesota. He is President-Elect of the American Academy of the Oral and Maxillofacial Radiology. He is Past-President of the American Board of Oral and Maxillofacial Radiology. He was honored with the highest award of the University of Minnesota School of Dentistry: Century Club Professor of the Year.

Dr. Mansur Ahmad

Learning Objectives

- Brief overview of CBCT images.
- Endodontic evaluation by CBCT.
- Features of infection vs cancer on CBCT images.
- Use and limitations of airway evaluation.
- TMJ diagnostic criteria.

Course Description

Join us to learn from many high-quality CBCT images on improving your diagnostic skills for everyday challenges in the clinic. Learn how to diagnose unfilled MB2 canals, root fracture, and residual vs. resolving apical lesions. In the last 50 years, the diagnosis of cancer in dental offices has not improved. Learn essential tips of differentiating cancer from infection. Dr. Ahmad will discuss easy features to differentiate radiopaque lesions in the bone and soft tissues, which one to watch and which to treat. Learn about the three cardinal signs of degenerative joint diseases. Dr. Ahmad will be available after the session to talk one-to-one if you have any challenging radiographs. Bring your cases along on a phone or tablet! There will be time for sharing case studies.
