

The Minneapolis District Dental Society Would Like to Invite You and Your Team to Attend this Special Evening

Tuesday, March 3, 2020

NEW LOCATION

**Minneapolis Marriott Northwest Hotel
7025 Northland Drive North, Brooklyn Park, MN**

5:30 P.M. REGISTRATION/NETWORKING

6:30 P.M. PROGRAM BEGINS

Electronic Nicotine Delivery Devices (ENDS): What the “Vape” is all the Hype?

Dr. P. Angie Rake received her DDS degree from the University of Minnesota School of Dentistry in 1997. She then completed an oral and maxillofacial surgery internship at the Minneapolis Veterans Affairs Medical Center. She is a graduate of the oral and maxillofacial surgery training program at the University of Minnesota.

In 2002, Dr. Rake joined Dakota Valley Oral and Maxillofacial Surgery. She remains active in academics as an adjunct associate professor at the University of Minnesota School of Dentistry, division of oral and maxillofacial surgery.

Dr. Rake has lectured on numerous topics locally and nationally. Her advocacy for responsible opioid prescribing has gained national attention.

Dr. Rake is a diplomat with the American Board of Oral and Maxillofacial Surgeons and is a member of the American Association of Oral and Maxillofacial Surgeons, the American Dental Association, the Minnesota Dental Association and the Minneapolis District Dental Society. She is a member and past president of the Minnesota Society of Oral and Maxillofacial Surgeons, and currently serves as President of the Minnesota Board of Dentistry.

P. Angie Rake, D.D.S.

Learning Objectives

- Understand Electronic Nicotine Delivery Systems (ENDS) or “e-cigarettes.”
- Identify the components and mechanism of action of ENDS.
- Know the chemical composition of the nicotine inhalant (“e-juice”).
- Determine the current demographics of e-cigarette users.
- Recognize the dental professional’s role in appropriate education and recommendations.
- Understand current safety and government regulations regarding ENDS.
- Knowledge about the effects of ENDS on oral health.

Course Description

The use of Electronic Nicotine Delivery Systems and its nicotine inhalant has been described to be at an epidemic level for teens. The purpose of this lecture is to learn about these products, the trends of use and the health risks associated with the use of ENDS. We will also review oral health effects and risks.

One hour continuing education credits will be given.
