

Minneapolis District Dental Society  
presents

# The Digital Scanner Soirée

Monday, November 7, 2016 · 6:00 p.m. - 9:00 p.m.

at the Warehouse Winery

6415 Cambridge Street, St. Louis Park, MN

All new dentists (ten years or less since graduation) are invited to the eclectic Warehouse Winery in St. Louis Park for an evening of socializing, camaraderie and CAD/CAM fun! Come curious. Get informed. Leave prepared.

We have arranged to have five different digital impression and CAD/CAM companies present a brief demonstration of their specific scanners and capabilities in a fun, speed-dating type manner so that you are able to compare the latest and greatest in scanner technologies all in one place at one time! In today's world of technology advancements, the capabilities of these scanners is always changing and this meeting will keep you up to speed. Digital impressions and CAD/CAM are not just for restorative dentistry any longer. Learn how the scanners can do removable, implant abutments, orthodontics, and surgical guides in your office or when partnering with dental labs.

This evening is not all about digital scanners. Similar to our previous annual events at local breweries, this is an opportunity to enjoy the company of other young dentists, learn more about the dental profession and the association, enjoy lovely wines, specialty craft beers, and delicious food.

If you have not been to the Warehouse Winery, it will not disappoint you. Located in the heart of the warehouse district of St. Louis Park, the winery is a unique, one-of-a-kind hidden gem that will leave you wanting to come back again with friends and family.
