

2025 **ANNUAL** **REPORT**

MINNESOTA DENTAL FOUNDATION
A practice of giving.

Vision Statement

The vision of the Minnesota Dental Foundation is to eliminate unmet oral health needs in Minnesota.

Mission Statement

The mission of the Minnesota Dental Foundation is to:

- initiate and support outreach programs that provide dental services to underserved populations and communities
- encourage and support volunteerism within the profession
- promote careers in dentistry, especially in underserved areas

Letter from the **President**

Dear Colleagues and Supporters,

As I write this in the spring of 2026, it is clear that our world continues to change rapidly. Throughout these changes, the Minnesota Dental Foundation remains steadfast in its commitment to supporting underserved individuals across Minnesota who face barriers to accessing dental care.

As in most years, in 2025 our income exceeded our expenses. We budget based upon the previous year's income and expenses adjusted by changes that we anticipate will occur. But the anticipated income may come in earlier or later, which makes

for significant adjustments to actual income and expenses. All scheduled projects and events for 2025 were successfully completed, and support for the Foundation continues to be strong.

This growth was particularly evident through the ADA/MDA/component dues statement. The implementation of new software in 2024 resulted in a substantial increase in donors who selected the Minnesota Dental Foundation using the checkoff option. Since 2001, expenses have exceeded income in only four years, and generally, income exceeded expenses in the year immediately before or after.

As in past years, I hope you find this report both informative and motivating. Its primary purpose is to demonstrate that contributions to the Foundation are used wisely, efficiently, and effectively to improve access to dental care for those in need across Minnesota. In addition, the dental community of Minnesota demonstrates its compassion by giving of its time and talents to help the underserved access dental care.

Support for the Foundation may be made through your ADA/MDA/component dues statement or by mailing a check directly to the Foundation. Additional giving options are available at mndentalfoundation.org/donate. We are also continually seeking volunteers for our internal initiatives, as well as individuals willing to share their unique skills at non-profit dental clinics within their communities.

I would like to extend a special thank-you to those who have included the Foundation in their estate plans as members of our Legacy Circle. Your foresight and generosity are deeply appreciated. If you are not yet a member and would like more information, we invite you to contact us.

Every contribution and estate gift strengthens the Foundation's ability to support meaningful programs throughout the state. Each gift truly matters. I am confident that 2026 will be an even more productive year, marked by continued growth and success.

Please feel free to contact me or the Foundation office at 612.767.8400 or visit our website at **www.mndentalfoundation.org**.

Together, we CAN make a difference!

Stephen F. Litton, DDS, PhD
President

Leadership in Action

- From 2002 to 2004, the Foundation's primary focus was to fund community and volunteer clinics in the Give Kids a Smile (GKAS) program.
- Starting in 2005, we accepted grant applications from the greater non-profit community that were interested in dental care for the underserved in Minnesota.
- In 2011 two internal programs were initiated, the Minnesota Mission of Mercy and the Martha Mordini Rukavina Loan Forgiveness Program.
- The Donated Dental Services program was moved from the Minnesota Dental Association to the Foundation in 2012.
- The Retired Dentist program started in 2013.
- In 2015, the Give Kids a Smile program was moved from the Minnesota Dental Association to the Foundation, and Minnesota's Heroes Orthodontic program, in collaboration with Smiles Change Lives and the Minnesota Association of Orthodontists, was launched.
- In 2025, the Disaster Relief Program was made a formal program of the Minnesota Dental Foundation.

We completed our ninth successful OneSmile Gala in September at the Four Seasons Hotel in Minneapolis where the Foundation's grant program was highlighted. Several of the grantee organizations were in attendance and for the first time, we had a waiting list for attendees. We tried a new Spin-the-Wheel as the fundraising project at the Star of the North meeting. Both of these events helped generate additional dollars for the Foundation as well exposure to the public.

In May, a number of vendors in the dental world of Minnesota put on a golf tournament at Braemar Golf Course in Edina with all of the proceeds going to the Minnesota Dental Foundation. It was another very successful event and plans are to make it an annual event.

From its first grant of \$100 in 2002 through December 31, 2025, the Foundation has funded 826 different projects with in-kind or cash services totaling \$5,061,870 plus another \$2,000,000 in collaboration with the Delta Dental of Minnesota Foundation and \$7,500 in collaboration with DentaQuest for a total of \$7,069,370 to help thousands of Minnesota's most vulnerable individuals access millions of dollars in dental care.

2025 Grant Recipients

We received 44 applications requesting \$320,625 in 2025. The following organizations received grants from the Minnesota Dental Foundation. The total of \$84,100 in grants is the most the Foundation has granted in one year.

GIVE KIDS A SMILE PROGRAM \$14,100

- CentraCare Foundation *Willmar*
- Children’s Dental Services *Minneapolis*
- Community Dental Care *Buffalo*
- Community Dental Care *Crystal*
- Community Dental Care *Maplewood*

Current Foundation Programs

Donated Dental Services (DDS)

Donated Dental Services, a program of Dental Lifeline Network (DLN), has existed in Minnesota since 2003. This program provides comprehensive dentistry to disabled, elderly, or medically fragile individuals who cannot afford to pay for needed dental services. The dentistry is provided for free in the private offices of the 370 participating dentists and 68 dental labs that were participating at the end of the year. All specialty dentistry and laboratory work also is provided at no cost. Delta Dental of Minnesota Foundation has generously funded the program for the 2024-2025 fiscal year.

In the program's 2024-2025 fiscal year ending June 30, 2025, 158 patients received dental services valued at \$763,711. Since its inception in Minnesota in 2003, 2,844 patients have received dental services valued at \$18,030,716.

We are always seeking more volunteers for this program. If interested, please contact our program coordinator, Kathryn McGee at kmcgee@dental lifeline.org.

Give Kids a Smile Program (GKAS)

Give Kids a Smile is a national program that provides free dentistry to children during the first weekend of February as part of National Children's Dental Health Month. This has been a program of the Minnesota Dental Association since 2003.

In the program's February 2025 event, approximately 1,400 children received \$858,305 in free dentistry by 969 volunteers. Since its inception in Minnesota, 87,760 children have received \$28.4 million in free care by 38,000 volunteers. Financial support for this program was provided by Solventum (FKA 3M Oral Care), the Minnesota Dental Association, and individual donors. COVID-19 continues to impact this program.

Martha Mordini Rukavina Loan Forgiveness Program

The Iron Range Resources and Rehabilitation Board (IRRRB) provided funds for dentists to help repay qualified dental education loans if they practice for at least five years in the Taconite Assistance Area (TAA) of northeastern Minnesota. Currently, each dentist accepted into the program can receive up to \$120,000. The program began in 2009 and was moved to the Foundation in 2011. Seven dentists have completed their obligations and three dentists are currently in the program. Of the seven who have completed their obligations, one had to retire because of medical issues and the others are still practicing in the TAA!

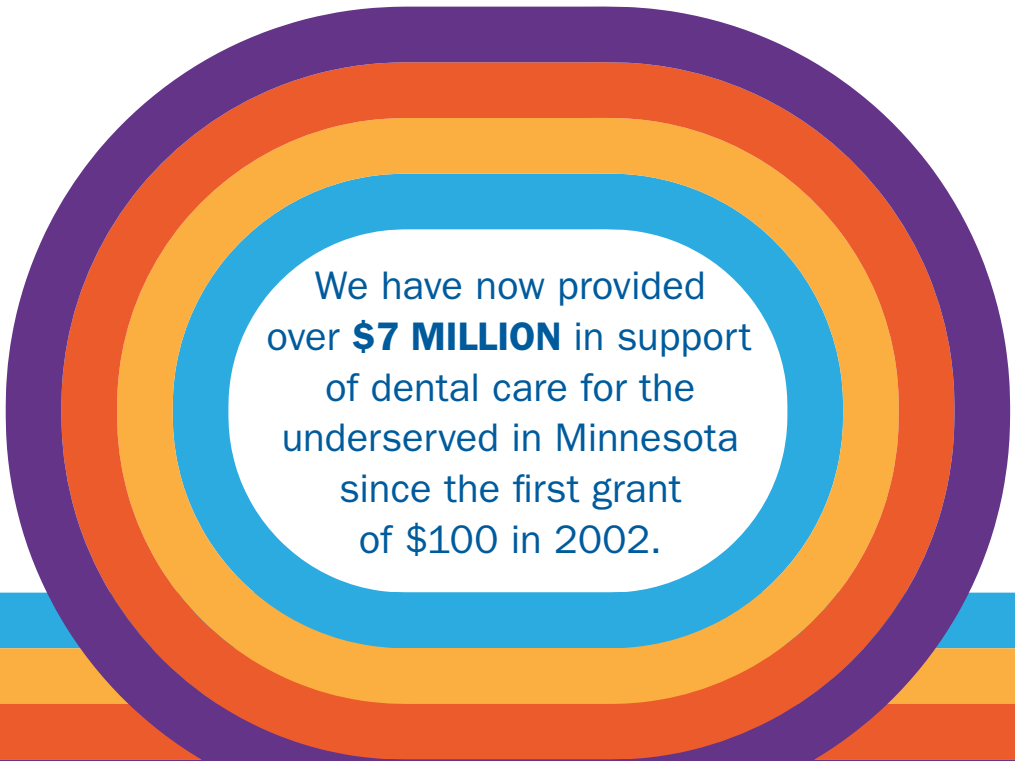

Minnesota's Heroes Orthodontic Program

This program was started in the fall of 2015 to provide free orthodontic care to children 8-18 and spouses of Gold Star Families, those families who have lost a family member in service to our country since 9/11. This program is in collaboration with Smiles Change Lives, a Kansas City-based non-profit that helps provide orthodontic care to children of low-income families, and the Minnesota Association of Orthodontists. Five children have completed the program.

Minnesota Mission of Mercy (MnMOM)

This program provides free exams, fillings, extractions, root canals, partial dentures, children's dentistry, hygiene, and oral health education in a large temporary clinic set up in a city in Minnesota.

Since its inception in Minnesota, 7,665 compassionate volunteers have provided 57,322 dental procedures valued at \$7,940,208 in 11,331 patient encounters over eight mission events. The locations were Mankato in 2012, Bemidji in 2013, Mankato again in 2014, Duluth in 2015, Moorhead in 2016, Minneapolis in 2018, St. Cloud in 2022 and Duluth again in 2024. The Delta Dental of Minnesota Foundation has generously been the Signature Sponsor for all of these events.

We have now provided
over **\$7 MILLION** in support
of dental care for the
underserved in Minnesota
since the first grant
of \$100 in 2002.

Retired Dentists Program

This program, initially funded by the Delta Dental of Minnesota Foundation and also supported by DentaQuest, began in 2013 as a way for dentists who are no longer receiving an income from dentistry to “give back” to the profession and their communities by providing free dental care to persons who have difficulty accessing dental care. In return for reimbursement of fees for licenses, professional liability insurance, and continuing education expenses, the dentist is to provide at least 100 hours per year or approximately one day per month of free care to the underserved.

In 2025, nine dentists provided an estimated \$533,366 worth of free dentistry in 975 hours of volunteer dentistry. The cost of this program in 2025 was \$2,308. Since its inception, a total of 22 volunteer dentists have volunteered 6,966 hours providing free dentistry valued at \$4.25 million.

Disaster Relief Program

Initially formed as the Katrina Fund in 2005 to help dental offices affected by Hurricane Katrina, it was dormant for many years and was reinstituted in 2020 in the aftermath of the killing of George Floyd to help dental offices affected by the riots in the Twin Cities.

The Disaster Relief Program became a formal program of the Minnesota Dental Foundation in 2025. It helped restore the Scenic Rivers Dental Clinic in Cook that was severely damaged by flooding in the area.

NEWEST PROGRAM IN 2025

Disaster Relief Program

Provided financial support to Scenic Rivers Dental Clinic to rebuild after it was devastated by floods.

Reuse of Dental Equipment and Supplies

Dental offices that are remodeling, moving or closing and have equipment and/or supplies that can be donated to non-profit dental clinics around the state can contact the Minnesota Dental Foundation. The Foundation then notifies the dozens of non-profits dental clinics around the state of the location and availability of equipment and supplies and the non-profit contacts the dental office and arranges for pick-up. Thousands of dollars of equipment and supplies have avoided the garbage and landfills and have saved precious expenses for the non-profit organization.

LEGACY CIRCLE

Thank you to the following individuals who have designated the Minnesota Dental Foundation as part of their estate planning. If you have an interest in this, please contact the Foundation.

DONATED DENTAL SERVICES

PARTICIPATING DENTISTS AND LABORATORIES

The following dentists and laboratories participated in the Donated Dental Services (DDS) program during 2025. We thank the dentists, as well as their entire dental team, for the services provided to disabled, elderly, or medically fragile individuals who cannot afford their needed dental care. We are also indebted to the dental laboratories that supplied their laboratory needs as well as the Delta Dental of Minnesota Foundation for its financial support of the program.

Volunteer Dentists

GIVE KIDS A SMILE PARTICIPATING DENTISTS

The following dentists participated in the Give Kids a Smile (GKAS) program in February 2025. We thank them, as well as their entire dental team, for the services they provided to children who have a difficult time accessing needed dental care.

Ritu Aggarwal	Matthew Hanowski	Ernest Martin	McLean Severson
