9:00 AM Lecture

12:00 PM Lunch

1:00 – 4:00 PM Lecture

6 CEU

**Please join us in honoring the 2017 Beerhalter Award Winner
Dr. Jerome Pedersen**

Dr. Molinari is Director of Infection Control for THE DENTAL ADVISOR in Ann Arbor, Michigan. Previously, he served for 32 years at the University of Detroit Mercy School of Dentistry as Professor and Director of Infection Control.

This seminar will consider an update on recent infectious disease challenges and infection control regulations and recommendations for dental professionals. As examples, reported infection control breaches and disease outbreaks, such as Ebola, and the Zika virus have placed populations at risk, created media hype, and also increased health agency awareness. This seminar will discuss:

- the impact of reported infection control breaches
- the status of the Ebola, Zika, and Flu outbreaks
- OSHA hazard communication regulations and CDC infection control recommendations for dentistry
- vaccines for health care workers and preventative measures to be taken by dental staff
- suggested resources for updated infection control information

Registration Deadline: Monday, February 6th 2017

	Cost	#
