

Southern District Dental Society 2018 Winter Meeting

Friday, January 12th, 2018

Morning Lecture

Medical Management of Dental Caries using Silver Diamine Fluoride: *What do we know and what should we do?*

(3 CE Credits: Diagnosis & Treatment Planning)

- **Arwa Owais B.D.S., M.S.**

At the completion of this lecture, attendants will be able to:

- Identify the most updated research findings in the dental literature regarding Silver Nitrate and Silver Diamine Fluoride
- List the indications, contraindications, and clinical protocol for applying Silver Products to dental patients
- Explain the mechanism of action of silver compounds in arresting caries
- Identify the biocompatibility, adverse effects, and safety of SDF and SN
- List the clinical procedures, use the codes, and obtain consent to apply SDF in practice
- Identify the most relevant clinical applications for the silver products.

Call it Quits Program

- **Sandra Renor R.N. B.S. Health Science – Nicollet County Public Health**

Afternoon Lecture

Practice Dentistry Pain Free: Evidence-Based Strategies for a Long and Healthy Career

(3 Elective CE Credits)

- **Dr. Bethany Valachi P.T., D.P.T., M.S., C.E.A.S.**

This research based seminar for dentists, specialists, hygienists, and assistants bridges the gap between dental ergonomics and work-related pain so you can work more comfortably and productively. Delivered with high energy and humor, attendees will discover how equipment selection & adjustment, patient positioning, lighting, movement and operatory layout are affecting their health. Engaging demonstrations help attendees learn how to implement powerful evidence-based strategies to prevent work-related pain and improve quality of life.
