Saint Louis Park, MN 55426

Our special gathering will include a continuing education opportunity for you as we meet at the Park Tavern in Saint Louis Park beginning at 5:30 p.m. – 8:30 p.m.

POSTERIOR COMPOSITES: A Rapid, Simplified Placement Technique

A Lecture, Demonstration and Participation Course

Dr. Ron Jackson is a 1972 graduate of West Virginia University School of Dentistry. He has published over 80 articles on esthetic, adhesive dentistry and has lectured extensively across North America and abroad. Dr. Jackson has practiced comprehensive restorative and cosmetic dentistry in Middleburg, Virginia for over forty years.

Posterior composite resin restorations have become mainstream.

In this presentation, Dr. Jackson will show a greatly simplified and efficient procedure for placing posterior composite restorations based on new materials and technology. In addition, the predictable, standardized protocol results in a significant reduction in both time and effort when placing these restorations for this complementary lecture along with our spring New Dentist Meet & Greet festivities.

Following the lecture, participants will have the opportunity to place a Class II composite restoration using SonicFill™ (KaVo Kerr). Participants will discover that this system delivers a fast, easy and efficient single fill aesthetic restoration with high density and adaptation.

Learning Objectives

- 1) To examine current matricing techniques that ensure predictable quality contacts.
- 2) To understand adhesion – making the right choice and doing it right.
- 3) To achieve significant time savings without compromise, using bulk fill composite technology.

Minneapolis District Dental Society

2475 15th Street NW, Suite C

New Brighton, MN 55112-5606

Calling all new dentists to join us for bites and brews. Connect with others and expand your network during this special gathering.

Appetizers and pizza will be provided compliments of KaVo Kerr.

Drink tickets will be provided compliments of Dyste Williams.

RSVP to mdds@mplsdds.org
