Thursday, November 13, 2014
Minneapolis Marriott Southwest Hotel
5801 Opus Parkway, Minnetonka, Minnesota

5:30 p.m. Social Reception

6:15 p.m. Dinner

7:15 p.m. Program

“Traumatic Dental Injuries and How to Handle Them”

Dr. Roettger is Clinic Director for the University of Minnesota Medical Center, Fairview General Practice Residency clinic. Dr. Roettger began his practice of general dentistry in 1983 and continues today. He attended the University of Minnesota where he received his undergraduate degree in 1977 with a B.S in Biology. His Doctor of Dental Surgery degree was granted in 1982. Dr. Roettger has also been on the faculty at the University of Minnesota School of Dentistry for the past 15 years. He is currently attending faculty in the University of Minnesota Hospital working with dental residents treating medically complex patients, including transplant patients, cancer patients and patients with oral mucous membrane disease. He is also a member of the Omicron Kappa Upsilon National Dental Honor Society. He has been active in sports dentistry as past president of The Academy for Sports Dentistry, and an inventor of the Under Armour Performance Mouthwear products. He has lectured internationally on prevention and management of dental trauma and performance, stress and oral appliances.

Mark Roettger, D.D.S.

Program Learning Objectives

- Describe the nature and effect of trauma.
- Describe the healing events after injuries to the maxillofacial region.
- Recognize injuries involving different parts of the tooth and supporting structures.
- Perform adequate clinical procedures to gather adequate information about the type and extent of injury.
- Compose an accurate diagnosis of the type of trauma.
- Formulate an emergency treatment plan.
- Perform adequate emergency treatment to maximize healing potential in all types of dento-alveolar trauma.
- Recognize the clinical and radiographic signs of healing: regeneration, repair, and failure.
- Know rationale and guidelines for post-trauma splinting.
- Be able to adequately manage trauma to the oral soft tissues.

Registration Form

"Traumatic Dental Injuries and How to Handle Them"
with Dr. Mark Roettger
Thursday, November 13, 2014
Minneapolis Marriott Southwest Hotel in Minnetonka
