

## **Rx: Individual Medication Disposal by County**

This is a list of medication disposal drop-boxes or services, by Minnesota County. The drop boxes or disposal services listed are for individuals. It is our goal, as dental practitioners, to raise patient awareness of medication abuse and improper medication disposal practices.

**Please note that services and hours vary**, so you may find it helpful to click on the website link or call for more information. This is not a comprehensive list of all available drop-off sites, as there may be more available. A common site for a medication drop box or disposal service is a police or sheriff's department, but more private pharmacies are incorporating this service as well.
